Welcome to the "Hanita Peace Ridge"

Where are we and what surrounds us?

The Peace Ridge is located adjacent to Kibbutz Hanita on the northern border of the State of Israel, overlooking Lebanon and the Mediterranean Sea, in primeval nature with a magnificent view.

What are our goals?

We host groups from different sectors, young and adult, from Israel and around the world, for an intimate encounter on the border. The meeting includes active and creative activity that enables open, honest and respectful dialogue, while re-examining concepts such as: peace, borders, communication and responsibility.

Here is a general explanation of the activities at the "HANITA PEACE RIDGE":

Stroll between stations with varied and enjoyable activities, adapted to the needs of the group, with emphasis on consolidation, creativity and communication.

Among the stations:

- Tour, observation points and general explanation of the area and the Lebanese border.
- Out-door training and group games.
- Wishing Tree .
- Theater / improvisation: With this tool, we will look at different angles of situations from our lives here in Israel.
- Drawing and writing messages on large fabric signs - these messages, in the spirit of "Hanita Peace Ridge", are directed to opposite - Lebanese - side of the border.
- Construction of exhibits made of natural materials.
- Ceremonial dove release.
- The "screaming spot".

***Hospitality workshop in nature:** As part of our activity, we combine an explanation of the need to preserve nature and cleanliness. Introducing the group to medical herbs, preparation of tea, coffee and pita bread.
